Module 5: Reframing Giving in the New Testament Wrap up & Conclusion

1. The Birth of the Church

- What was the foundation of the church movement?
- Why is this important to remember?

2. The What and How of Giving in the New Testament

- This module can feel almost too simplistic compared to what we covered in the Old Testament
 - Why do you think that is?
 - What are the implications of this simplicity, particularly when giving seems complicated for some?

3. The early church's perspective on giving paved the way for the growth of the gospel.

- What can we learn about their perspective, and how might we apply it today?

- What feels challenging about the early church's perspective on giving?

4. In the conclusion, we reminded ourselves that giving is grounded in the reciprocal relationship with God. That giving is a response to God's care, love, provision, wisdom and more.

- How has this curriculum helped you to understand giving in the context of scripture?

- How might this understanding change/or not change the way you give?
